## TREASURE HUNTERS

### GTI 2500

9.5" Imaging Searchcoil combined with Garrett's PowerMaster circuitry boost detection depth up to 20%

Patented Graphic Target Imaging displays a target's true size and depth with colorful, easy-to-read graphics

Garrett's exclusive TreasureTalk makes hunting easier by announcing various settings, adjustments and target information continuously or on demand

Only Garrett's GTI detectors offer true size and depth technology that adds additional target identification information to help determine a detected target's true identity

Detachable hip-mount battery pack
